DETAILED ACTION

1. Receipt is acknowledged of the Amendment filed 9 January 2004. Claims 9 and 16 have been amended; claims 14-15 have been canceled; and no claims have been newly added. Currently, claims 9-13 and 16 are pending in this application.

Drawings

2. Color photographs and color drawings are acceptable only for examination purposes unless a petition filed under 37 CFR 1.84(a)(2) is granted permitting their use as acceptable drawings. In the event that applicant wishes to use the drawings currently on file as acceptable drawings, a petition must be filed for acceptance of the color photographs or color drawings as acceptable drawings. Any such petition must be accompanied by the appropriate fee set forth in 37 CFR 1.17(h), three sets of color drawings or color photographs, as appropriate, and an amendment to the first paragraph of the brief description of the drawings section of the specification which states:

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the U.S. Patent and Trademark Office upon request and payment of the necessary fee.

Color photographs will be accepted if the conditions for accepting color drawings have been satisfied.

Claim Objections

3. Claims 9 and 16 are objected to because of the following informalities:
- (a) Claim 9, lines 8-9: "and its side walls" should be deleted;
 - (b) Claim 9, line 9: "cover sidewalls" should be changed to --cover and sidewalls--;
 - (c) Claim 16, line 8: "and its side walls" should be deleted; and

Art Unit: 2876

- (d) Claim 16, line 8: "cover sidewalls" should be changed to --cover and sidewalls--.

Appropriate correction is required.

Allowable Subject Matter

4. Claims 9-13 and 16 are allowed.

5. The following is an examiner's statement of reasons for allowance: The best prior art of the record, Eppich and Eckel, alone or in combination with other reference, fails to teach or fairly suggest the claimed structure of the bank card terminal cover, which the sidewalls are supported by the non-integral separate support surfaces to direct forces, liquids, dust and grease away from the bank card terminal and onto an independent non-integral support surface not part of the bank card terminal and the structure of the sidewalls includes at least one opening for a cord to be inserted and connected to the terminal such that the cover can be removed and/or positioned in place without disconnecting the terminal cord, as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. This application is in condition for allowance except for the following formal matters:

See the Examiner's objection to the specification and the note regarding color photograph above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
